

Family Music Interview

Music is for sharing.....especially with friends and family. As you gather together with your family over this holiday season, use this research form to learn more about their musical interests when they were your age. Listen to recordings of their music. Sing together, play instruments together, dance together, enjoy music together!

Directions: Survey members of your family about musical groups (vocal and/or instrumental) they have enjoyed over the years. You can interview them in person or over the telephone.

	Name of person being interviewed	Relation to student	1. What kind of music did you listen to when you were my age?	2. What was your favorite musical group called?	3. How did you first hear them? (radio, dance, concert, TV, etc.)	4. Were you ever in a band or vocal group?	5. If yes, what instrument did you play (or what part did you sing)?	6. Do you (can you) still play it? Do you still sing?	7. What is your opinion of today's popular music?
